

WEST TEXAS
MEDICAL
ASSOCIATES

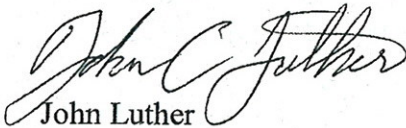

To whom it may concern,

It is with great pleasure that I recommend Classy Cleaning. They have always displayed a high degree of integrity, responsibility, and ambition. The company is definitely a leader rather than a follower. In addition to their excellent cleaning accomplishments, they have proven their leadership ability by organizing a cleaning company to provide people an opportunity to be in a medical safe environment.

They are also a very dependable team. Their good judgment and experience outlook ensure a logical and practical approach to their endeavors.

Classy Cleaning would be an asset to any organization, and I am happy to give them my wholehearted endorsement.

Sincerely,

John Luther
Maintenance Supervisor
